## COMPETITIVE SCENARIO

- **Ageing population:** increased demand for medical services, public health system under pressure
- **Climate Change:** growing demand for protection driven by the increase in frequency and severity of atmospheric events
- **Technology & AI:** pervasive diffusion of technology and AI enabling high-potential opportunities
- **Customer Behaviour:** evolution of the customers' purchasing behaviour, requiring customised and real-time services

## STRATEGIC GUIDELINES

- » **STRONGER INDUSTRIAL PROFITABILITY:** risk-based portfolio growth – product engineering – sustainable growth in Health sector
- » **FASTER INTEGRATED OFFERING MODEL:** innovative data-driven retail platform – phygital Health offering
- » **STRONGER DISTRIBUTION NETWORK:** omnichannel distribution model – Bancassurance productivity boosting
- » **BETTER TECH & PEOPLE SKILLS:** tech platforms and skills evolution – AI driven solutions scale-up

## MOTOR

Stronger profitability driven by advanced use of data & analytics and omnichannel platform scale-up

- **Pricing & Underwriting:** over 130 variables for Motor pricing – AI/ML algorithms to further improve retention
- **Claims settlement:** cost savings through the network of body repair shops and windshields repair centers
- **Telematics:** 3.4m Unipol devices, recording several billion journeys per year
- **Offer:** 10m insured vehicles – data-driven retail omnichannel platform scale-up

## NON-MOTOR

Stronger product engineering supported by AI and faster portfolio management through de-risking and exposures management

- **Pricing & Underwriting:** 600 data specialists and AI experts – dynamic pricing model sophistications
- **Claims settlement:** new NatCat claims settlement model
- **Offer:** NatCat offering with focus on disciplined exposures management

## LIFE AND HEALTH

Better insurance-services integrated model for customers

- **Distribution:** Health business mix across channels (incl. digital) – 1<sup>st</sup> network of clinics, 20,600 o/w 60 owned by the Group – Investment and Savings products enlarged
- **Offer:** 11m Health customers, 2.8m Life customers – new omnichannel and modular offer
- **Technical excellence:** Unipol brand top-of-mind

## BANCASSURANCE

Boosting the insurance productivity through the banking channel leveraging the distinctive Unipol bancassurance model

- **Non-Life offer:** product innovation and multichannel services to increase volumes, maximising profitability
- **Life offer:** capital-light offer – strengthening the protection business with bundled solutions

**Dividend yield:** dividend per share / average closing share price of January of the year following the end of the accounting year (i.e. avg closing share price of Jan. 2026 for the FY25 dividend yield)

**Financial investment yields:** excluding segregated funds, Class D, DDOR, real estate, real estate funds, stakes in associates and own shares

**Financial running yield:** gross yield from coupons and dividends

**Group net result:** profit after tax, post-minorities

**Health Sector:** perimeter including UniSalute + Health LoB of Unipol Assicurazioni + Health LoB of Arca Assicurazioni

**Insurance Group:** perimeter excluding the pro-quota consolidation of the banking associates, considered as non-strategic equity investment. Accordingly, in the **Insurance Group result** the contribution of the banking associates is represented only by the dividends they paid to the Group in the period

**Investments perimeter:** perimeter excluding treasury shares, DDOR, Class D and stakes in associates

**Life Bancassurance:** Arca Vita excluding LoB Protection

**Net inflows:** premiums - lapses - maturities and annuities - claims

**Net result:** profit after tax, pre-minorities

**Non-Life Bancassurance:** perimeter including Arca Assicurazioni + LoB Protection of Arca Vita + business of UniSalute operated through the bancassurance channel

**Organic Capital generation:** represents the change (after tax) in own funds attributable to Unipol Group's ongoing core operations. As such, it includes expected return from new and existing business, contribution of banking associates and interest expense on external debt

**Pay-out ratio:** dividends / Group net result after interest due to RT1 bondholders

**RoE (Return on Equity):** Net result / average of previous and current year Total Equity

**Solvency ratio and Own Funds:** net of dividend distribution proposal

**Francesco Masci**, Senior Executive responsible for drawing up the corporate accounts of Unipol S.p.A., declares, in accordance with Article 154-bis, para 2, of the 'Consolidated Finance Act', that the accounting information reported in this document corresponds to the document contents, books and accounting records.

The content of this document does not constitute a recommendation in relation to any financial instruments issued by the Company or by other companies of the Group, nor does it constitute or form part of any offer or invitation to sell, or any solicitation to purchase any financial instruments issued by the Company or by other companies of the Group, nor may it be relied upon for any investment decisions by its addressees.

Numbers in the document may not add up only due to roundings.

Unless otherwise specified, all figures reported in this presentation refer to the Unipol Group and are based on in force IFRS.

The slides of this presentation referring to 2025-2027 Strategic Plan contain information and data, expectations, estimates, forecasts of results and events that reflect the current views and assumptions of the Company Management. This content may differ, even significantly, from what may actually occur as a result of events, risks, economic conditions and market factors that were not known or foreseeable as at 28 March 2025 or that are beyond the Management's control.

Furthermore, the Company shall have no obligations with respect to the subsequent updates of this content.
