## UNIPOLSAI ALONGSIDE ECOPATENTE TEACHING YOUNG PEOPLE TO DRIVE SAFELY AND RESPECT THE ENVIRONMENT

Roma, 15 March 2016 – Again this year UnipolSai Assicurazioni renews its support for *Ecopatente*, the initiative created and managed by CSE Italia and promoted by the Ministry of Infrastructure and Transport, the Ministry of Environment, as well as the Presidents of the Chamber of Deputies and Senate of the Republic. Promoting awareness among young people with regard to road safety and safe driving is one of the issues that UnipolSai and the Group are committed to in terms of direct action and awareness through specific projects and initiatives. Likewise, this commitment is also expressed towards environmental sustainability and conservation.

This is the reason why for the third consecutive year UnipolSai is supporting *Ecopatente*, a project of great social value in line with the values of the Group, an initiative that by directly addressing the issues of road safety, environmental respect and savings has resulted in over 60,000 permits issued during the five editions.

With its *Corporate Sponsorship Program*, the Unipol Group wishes to always remain close to the people and the community, supporting projects that embrace scientific research, social engagement, the environment, entertainment, art, sport, culture and sustainability, such as in the case of *Ecopatente*.

**Because for UnipolSai thinking of people's future also means thinking of what they love: safety and the environment.**
