NEW UNIPOLSAI ASSICURAZIONI APP AVAILABLE FOR TABLET AND SMARTPHONE

Customers with vehicle liability insurance may use the program “InPiù la Tua Salute” to receive discounts on medical examinations, one of a kind on the Italian market

The new **UnipolSai App** is born, allowing its customers to access, in real time, a range of services guaranteed by the widespread network of the leading Company in the Non-Life sector, to be constantly updated on the latest news and to make use of “**InPiù la Tua Salute**”, the innovative service that provides discounts on diagnostic tests at the best Italian healthcare facilities as well as useful preventive testing online.

It is possible to **download the application**, dedicated to all smartphone and tablet users, with a functional and intuitive interface, by accessing **this link**, using the relevant **qr code** from your smartphone or by typing “Unipolsai” in the **Apple, Android and Windows Phone stores**.

Thanks to the new App, customers will be guided, step-by-step and saving considerable time, through all services of the UnipolSai universe, such as, for example:

- contacting your agency
- monitoring the **status of payments** and the **expiry of your policies** in real time
- quickly identifying the closest **mechanic** to your house to go to for servicing
- directly calling **roadside assistance numbers**, clicking the simple “assistance” button in case of need of assistance.

In addition to these services, an absolute novelty for the Italian market: customers with vehicle liability insurance may, in fact, make use of the exclusive and free program “**InPiù la Tua Salute**” which, thanks to UniSalute and its network of affiliated healthcare facilities spread all across the country, allows you to:

- find the closest affiliated centre
- select the desired service
- receive a voucher with your personal data and that of the centre, which may be used to book an appointment at discounted and exclusive rates with a simple phone call.

MRIs, CTs and mammograms are all examinations subject to discounts. Moreover, tests for the whole family are available in order to promote a correct and healthy lifestyle in relation to sight, hearing, sleep quality and oral hygiene. This service demonstrates UnipolSai’s desire to **offer its customers 360-degree protection**, meeting the needs of healthcare coverage and assistance, essential factors for quality of life that, in difficult economic times such as these, are often neglected since families are not always able to allocate a part of their resources to healthcare prevention and treatment.

And there is more. Even those who are not yet customers in any case have the opportunity to access many key features such as the possibility to receive a quote for **vehicle liability insurance**, to locate **UnipolSai sales points** (UnipolSai Agencies, Auto Presto & Bene Mechanics and MyGlass Centres), find the closest **Unipol Banca branches**, and carry out tests for all the family for the promotion of a correct and healthy lifestyle.
